The Next-Gen
ERTIGA

Designed *for* **style.**
Driven *by* **togetherness.**

*Long adventure trips or short city runs, after-party plans or just unplanned getaways.
There are many styles to life's many journeys. But they all become stylish when you take
them together with friends. So, go ahead and explore them all in the Ertiga.*

Sculpted to
stand out.

The Ertiga flaunts a bold personality that is carved into every crease, corner and contour of its design. From the striking Projector Headlamps in the front to the 3D Tail Lamps with LEDs at the back coupled with a Floating-roof design and a stylish set of Alloy Wheels, the Ertiga is designed to always put you and your friends in the spotlight every time you drive along in style.

Style *that complements*
everyone.

Space, comfort and quality, it all comes together inside the Ertiga to give you and your friends an experience which is always enjoyable and stylish. The smart Flexi-Seating along with Third Row Recliner Seats and Second Row Air Conditioning enhance the overall in-cabin experience. The seating comes with 60:40 split in second row and 50:50 split in third row along with a host of utility spaces which ensure that there is always room for more, no matter where you go.

More power. _____
More fun.

All New K15 Petrol Engine with Progressive Smart Hybrid Technology.

The powerful drivetrain in the Ertiga comes paired with the Progressive Smart Hybrid Technology with dual battery setup which provides Idle Start-Stop, Brake Energy Regeneration and Torque Assist functionality. Thus, ensuring an energetic driving experience for you and your friends.

BS6
compliant

K15 Petrol Engine with
Progressive Smart Hybrid Technology _____

The all-new K15 Petrol Engine powering the Ertiga is engineered to deliver remarkable performance while ensuring a pleasurable driving experience for all.

The all-new engine is available in both manual and automatic transmission options.

S-CNG
DRIVE SMART. CHOOSE GREEN.

BS6
compliant

K15 Petrol Engine with
S-CNG Technology _____

Equipped with Intelligent Injection System and dual-interdependent ECUs (Electronic Control Unit), it ensures optimum performance along with enhanced safety and drivability. The Auto-Fuel Switch allows easy switching of fuel from petrol to CNG, for unmatched convenience.

The image shows the front interior of a Suzuki Ertiga. The dashboard is a light beige color with a wide, curved wooden trim piece across the top. In the center of the dashboard is a 7-inch touchscreen infotainment system displaying a music player interface with '87.5' and 'Wednesday' visible. Below the screen is a radio unit with two circular speakers and a digital display showing '18.5'. The steering wheel is a three-spoke design with a flat bottom, wrapped in a light-colored leather-like material with wood trim on the outer rim. The Suzuki logo is in the center. The instrument cluster behind the wheel has blue-lit gauges. The center console has a gear shifter and handbrake. The passenger side door panel has a silver handle and a speaker. The seats are upholstered in a light-colored fabric. The background shows a sunset over a cityscape with lights visible in the distance.

Designed to *impress.*

Robust, modern and expressive, the interior of the Ertiga inspires true style, thanks to its all-new Sculpted Dashboard with wooden finish crafted with high-quality materials. With added aesthetic features like Leather-wrapped Flat-bottom Steering Wheel and Interior Chrome Accents, the Ertiga offers the best in comfort and class to you and your friends.*

*Certain parts of the leather upholstery contain man-made material.

Always awesome.
Always advanced.

The Ertiga comes with a 10.67 cm TFT Multi-Information Colour Display* that makes it convenient for you to keep a track of your car's vital information. It also hosts a new-age 17.8 cm SmartPlay Studio which takes your in-car entertainment to the next level.

Safe in every sense.

What makes the Ertiga incredibly safe is that it is based on the solid Heartect Platform which employs high-tensile steel at all the right places to improve overall safety, rigidity and NVH performance. It is built for effective absorption and dispersion of crash energy which provides higher safety for occupants. Furthermore, the Ertiga is equipped with a host of safety features like Dual Airbags, ABS with EBD, ISOFIX Child Seat Anchorages, Reverse Parking Sensors, Front Seat Belts with Pre-tensioner and Force Limiters and Hi-speed Alert System as standard which ensure absolute safety for everyone.

Image used are for illustration purposes only. The speed alert system gives audible warning for alert of over-speed to driver. When vehicle speed exceeds about 80 km/h, primary level warning with two beeps will sound every minute. When the vehicle speed exceeds about 120 km/h, secondary level warning with continuous beeps will sound. If the vehicle speed is slowed down to about 118 km/h, primary warning will resume. If the vehicle is slowed down to about 78 km/h, speed alert warning will stop. This buzzer does not indicate any malfunction in vehicle.
